PROJECT TITLE	Personal assistance for seniors who are self-reliant
MAXIMUM MARK	2 Marks

Problem Statement (PS):	Senior citizens, who forget to take medicines due to suffering from “Dementia.”
I am (USER)	A retired auditor, who spends most of the time at home.
I’m trying to	who takes pills for diabetes. (Diabetes is a persistent sickness that happens both while the pancreas does not now no longer produce sufficient insulin or while the frame can't efficiently use the insulin it produces. Insulin is a hormone that regulates blood glucose.)
But	Couldn’t remember when I should take those pills and sometimes the medications get over without my notice.

Because	I'm suffering from Dementia (chronic or persistent disorder of the mental processes caused by brain disease or injury. It affects memory, thinking, calculation and learning capacity. consciousness is not affected.)
Which makes me feel	Frustrated and Unsecured to do online shopping and payments
